Dear Mr. Ibaraki:

The Information Technology Association of Canada (ITAC) is pleased to express its support and congratulations to CIPS, Canada's Association of Information Technology Professionals as they mark their 50<sup>th</sup> anniversary in 2008.

For half a century, CIPS has been the forum where IT professionals network with their colleagues. Across Canada, CIPS continues to act as the catalyst for IT professionals to improve their skills and build their careers. This is of great value to our industry since skilled human resources are by far its most important asset.

On behalf of ITAC, I would like to congratulate CIPS on their work and wish continued success in the future.

Sincerely,

Bernard Courtois  
President and CEO
